Qualifying Product $C\,E$

USER MANUAL

⬭ DESCRIPTION COMPONENTS

Remove the item from the packaging and check for all components
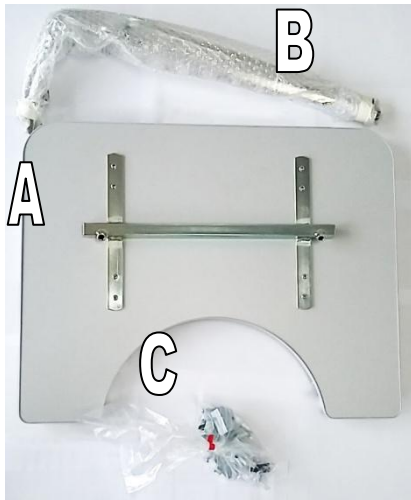

A - Universal tray
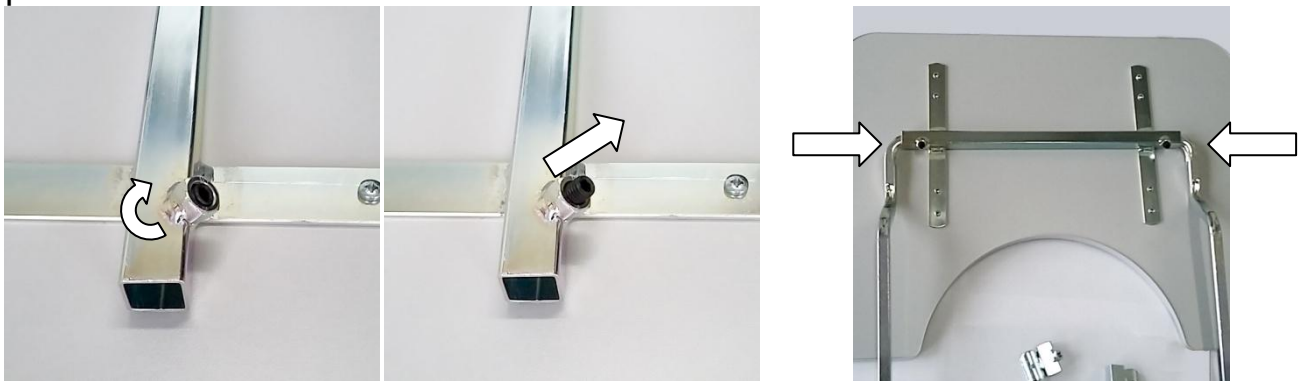

B - 2 steps to insert

C - 4 screws 5x35 + 4 screws 5x38 (for wood)

    2 attachments with nut + 2 attachments

    2 Wing nut

⬭ ASSEMBLY INSTRUCTIONS

Begin by loosening grains using a 5 mm wrench;
Thread the two rods on the sides. DO NOT TILT THE GRANTS until assembly is complete.

Attach the brackets underneath the comfortable armrest, using type A screws in the case of commoda VAIMAS, type B screws in the case of a wooden armrest.

The attachement for the wing nut must be positioned at the front of commoda.

Adjust the width of the two rods to that of the armrests and proceed by inserting the tray by sliding the rods into the joints.

Secure the rods by tightening the wing nut.

Finally, tighten the grains, after assembly is complete.

TECHNICAL DATA
